With a view to the above, the following summarizes the status of copies of listed information provided with the instant Information Disclosure Statement:

- copy of Item 1 is attached hereto.

Citation of this information does not constitute an admission that any of the materials are available as a reference, does not constitute an admission of priority, does not constitute an admission that any information cited or provided hereby is "material," and does not constitute a waiver of any right applicant may have under applicable statutes, Rules of Practice in patent cases, or otherwise. Without limiting the foregoing, Applicant specifically reserves the right to establish the patentability of the claimed invention over any of the listed information should they be applied as references, and/or to prove that some of the cited information may not be prior art, and/or to prove that some of the cited information may not be enabling for the teachings they purport to offer.

This statement further should not be construed as a representation that an exhaustive search has been made, or that the information cited herewith is material, or that there does not exist information more material to the examination of the present Application. The Examiner is specifically requested not to rely solely on the information submitted herein. On the contrary, the Examiner is requested to conduct a thorough review of the information, and to form independent opinions as to its significance.

A copy of the reference listed on the attached Form(s) PTO/SB/08 is being submitted at a seemingly late date because they were only recently brought to our attention as a result of foreign prosecution; and a certification, as specified in paragraph (e) of 37 CFR 1.97, is enclosed herewith.

In accordance with 37 CFR 1.97(c) and 1.17(p), Applicant authorizes the commissioner to charge \$180.00 to our Deposit Account No. 09-0528 representing the filing fee for filing this Information Disclosure Statement.

It is respectfully requested that the Examiner initial and return copies of the enclosed form(s) PTO/SB/08 and indicate in the official file wrapper of the above-identified patent application that each item of the cited information has been considered.

The Commissioner is hereby authorized to charge any additional fees that may be required, or credit any overpayment to Account No. 09-0528.
